

Raja Rogers Meeting Notes
August 1, 2006

Raja Rogers: If there are enough people in an area to maintain the momentum of the activities, then some Recertified Governors in an area can go to the course for 2-3 weeks and return. Then the other Governors in the area can go.

Atlanta land near the high school – Maharishi was very enthusiastic about it and wants to get it right away and build a school on it.

Raja Rogers gave lecture to Sidhas, Govs in Boone. Atlanta and Ft. Lauderdale were connected. Very well received.

If people think they can organize a meeting in next 3-7 days, Raja Rogers could do another call and give the same lecture. Main message – knowledge points and inspire people to come to course.

Lecture for meditators? We will focus on the flyers right now.

Stuart and Joan in Boca Raton: 10 going to the course in next week or two from Palm Beach Co. Have 3 homes with good vastu for program, including the Thompsons' home in Ft. Lauderdale.

Raja Rogers: MMY – first priority – rotate through the course, 2nd priority – group flying synchronized, 3rd priority – flying in own homes synchronized with Time Zone times.

Effect of vastu – If people don't do program regularly, vastu has the effect of filtering out the negative. It gives you some protection – kavich. It accentuates the positive.

Our domain lift-off times: Eastern Time Zone – 6:30pm – coincides with liftoff in DC and with the 5:30pm super Radiance time in Fairfield and MVC. Morning times vary a bit: 8:30 am liftoff in MVC.

Eastern time zone: Morning 7:30 or 8:30* – Evening 6:30*
Central time zone: Morning 7:30* or 8:30* – Evening 5:30* or 6:30

Jane in Vero Beach: 12 flyers, several people went to the course.

Question about policy about dealing with Govs who are no longer doing things quite right in regards to program. Gentleman was teaching a breathing technique and inviting people at SuperRadiance to his classes.

Raja Rogers: He shouldn't be invited back. Report to Course Office – timezone10@maharishi.net.

Jane: Regarding Consciousness-Based Education tour - Need to supply deposits on hotels. Put expenses in NetSuite?

Raja Rogers: Yes. If in a hurry, can put on a credit card and get reimbursed. I'm working on a large donor. Will cost about \$10,000 for each tour.

To pay for tour expenses, there are two options:

1. Donations for the tour:

Details will be forthcoming.

Elaine is checking to see if Centers can send out a letter soliciting donations.

2. Expenses:

Submit expenses into your Center's NetSuite account. Categorize the expenses under the 6357 Teaching Expenses: Conferences and Meetings account.

Alcine – there was a time when the movement was supposed to be self-sufficient and shouldn't ask for donations?

Yes, Maharishi wants the Centers to be self-sufficient. MVED is not taking donations. However, GCWP does take donations for building of Peace Palaces and other facility costs.

Alcine: Land?

Raja Rogers didn't get a chance to bring the Gainesville land up to Maharishi. But suggests she go through Dr. Feldman's office.

Jeff Litwin: Land submitted – did you receive?

Raja Rogers – pls send again. Spam filter may have removed it.

Jeff and Ruth Moses: 17 out of 28 inspired to go to the course from our area. They've been inspiring people to call their close friends, especially people on the course.

Raja Rogers: This should be a policy for the whole domain.

Jeff and Ruth Moses: Can you do a 10 day check by phone?

Raja Rogers: No.

Jeff and Ruth Moses: We've been here for many weeks, but feeling to go back to our Center and get things going again.

Raja Rogers: Go with your feeling. As we evolve, we act more and more spontaneously until we have complete spontaneous right action.

Connie: Interviewed 3 civil engineers - will submit bids. Land slopes very slightly to the South by a few degrees. The building and vastu part will be on the flat part.

Raja Rogers: Send me the topo and we can talk. Detention pond should be in North or Northeast.

Patrick: 5-6 left for course, about 5-6 more will. 15 flying at SuperRadiance time in the evening. Morning times vary. Challenge is to get people to report online. 2 locations for SuperRadiance: Balls have generously donated a vastu location West of town. At last group program – 10-12 people. Taught a gentleman who had worked on the Purusha land project. At the end of the lecture, he said, “I’m signing up right now,” no hesitation about the course fee.

Raja Rogers: Maharishi very interested in getting the Peace Palaces up right away – They will be lighthouses.

Ray: 1 lady at MUM for a month, a couple in DC now. Consciousness-Based tour: There are Internet sites that give access to mailing lists of teachers. We should do it together as a group.

To solicit donations from people, can we create a basic form letter?

Elaine: Will check with other domains to see what they did as well as check with Maureen’s office.
